

## no.4 "Extend"

We value being part of the Kingdom of God and we will fight to see it grow. We achieve this by being **builders**, having a mindset for growth that seeks to spread the borders of the Kingdom in our location. We will celebrate every single soul that comes to Jesus. We value discipleship and will demonstrate it in our own lives. We are **pioneers** who will push out into the community and seek opportunities everywhere, whether in the pub, workplace, supermarket or an organised event. We will push out and build the Kingdom here because we are **inclusive**. We welcome everyone without prejudice or bias. We will help people to belong because we make the statement; "you are welcome here!" regardless of race, colour, personality, position or ability.
